

Help Shape No Place Like Home Program

Attend a Regional Workshop

The Department of Housing and Community Development (HCD) is seeking public input on the design of the new No Place Like Home (NPLH) Program -- a program for counties to fund the development of permanent supportive housing for persons with mental illness who are chronically homeless, at risk of chronic homelessness, or homeless.

Help Shape the Program: Provide Your Input

HCD is hosting the following workshops to present the initial program design in the NPLH "draft framing paper," which will be available on the Department's [NPLH webpage](#) on December 20th. Please register now to attend one of the workshops and provide your input on the initial Program design.

Workshop Dates and Locations

9:00 AM – 12:00 PM - Capacity 100

[Register to attend](#)

To contact HCD about NPLH, please email NPLH@hcd.ca.gov. To receive email updates on the No Place Like Home Program and related events, [subscribe to HCD's email updates](#) (Select: No Place Like Home (NPLH) Program).

Background

On July 1, 2016, Governor Brown signed AB 1618, landmark legislation enacting the No Place Like Home program to dedicate \$2 billion in bond proceeds to invest in the development of permanent housing with supportive services for persons who are in need of mental health services, and who are chronically homeless, at risk of chronic homelessness, or homeless.

Key features of the program include:

- Counties will be eligible applicants (either solely or with a housing development sponsor).
- Funding for permanent supportive housing must utilize low-barrier tenant selection practices that prioritize vulnerable populations and offer flexible, voluntary, and individualized supportive services.
- Counties must commit to provide mental health services and help coordinate access to other community-based supportive services.

Population to be Served

Adults with serious mental illness, or children with severe emotional disorders and their families, and people who require or are at risk of requiring acute psychiatric inpatient care, residential treatment, or outpatient crisis intervention because of a mental disorder with symptoms of psychosis, suicidality, or violence and who are homeless, chronically homeless, or at risk of chronic homelessness.

At risk of chronic homelessness includes people who are at high risk of long-term or intermittent homelessness, including people with mental illness exiting institutionalized settings and transition-age youth experiencing homelessness or with significant barriers to housing stability.

Funds Available

Competitive program: \$1.8 billion for multiple funding rounds

Over-the-counter program: \$200 million

Technical assistance: \$6.2 million

Preliminary Timeframe

Initial research and stakeholder outreach

Release of framework paper/Start of Public Comment Period

End Public Comment Period (Framework Paper)

Development of Guidelines

Completion of Guidelines and Notice of Funding Availability (NOFA)

Release of NOFA

Date

Fall 2016
